Selectmen's Meeting

ROGERS NAMED TO BOARD OF HEALTH

James Rogers was voted by Selectmen to serve on the Board of Health to fill the unexpired term of Louis Corey who recently resigned his seat. Mr. Rogers will serve until the next town election. Four applications were considered and presented to Selectmen by Dan Lee and John Bowman of the Board of Health.

TRANSIT AUTHORITY QUESTION

Executive Secretary Carol Adams furnished the Selectmen with figures that indicate that the cost to be a member of the Transit Authority would be less than the present subsidy as a non-member, $4,500 vs the approximate $5,000 that the town is assessed.

The bus makes 3 round trips a day, 6 days a week, for a total of 19.2 miles per day for 300 days per year. The cost per mile is 2.30 for a total cost of $13,248 per year. The average number of passengers per week using the bus is 88, @ .30 per fare or $26.40 per week for a total of $1372.80 per year. If the town is a member of the Authority a handicapped van would be available at 1/2 fare for use by those in wheelchairs who are 59 years of age or younger. Senior citizens would ride free.

Selectmen will place an article in the town warrant to see if the town would

POWER SAVING CONSIDERED

Executive Secretary Carol Adams reported to Selectmen that a study conducted throughout the town has indiciated that 134 incandescent street lights, if eliminated, would result in a yearly saving of substantial proportions. The removal cost would equal the saving in the first year, she stated, but the year following the saving would total $8000 and gradually increase to 1987 when the projected yearly saving would total $11,000. She said that no lights would be removed from curves or intersections.

Selectmen will hold a public meeting to explain the plan and to gather public input.

FOSTER STREET REQUEST

Mr. John Nosworthy, summer resident of Shipyard Lane, requested by letter that Selectmen delay any action on possible extension of Foster Street to the waterfront until August when he will be in Mattapoisett and have the opportunity to participate in the discussion. Selectmen noted that the matter is presently being researched by Town Counsel Donald Fleming and will notify Mr. Nosworthy of any action on the matter.

JURORS DRAWN

Four jurors were drawn for the Criminal/Civil Session in Brockton beginning March 1, 1982. They are Francis C. Rowland, 14 Foster Street; Jane C. Welch, 123 Acushnet Road; Sharon L. Nunes, 42 Main Street; Sheila F. Garro, 5 Crook's Way.

OPEN LETTER TO SELECTMEN
TOWN OF MATTAPOISETT
SELECTMEN'S OFFICE

Gentlemen: Recently I approached the Mattapoisett Selectmen with a request to establish ownership of waterfront property at the foot of Foster Street. If publicly owned, I requested a small path be opened so that use of this property could be made by local residents. The central issue in this request is the ownership, control and use of attractive, but limited, land resource providing access to public waterways. The overwhelming majority of waterfront property is privately held. These property owners recognize the value of their assets and are anxious to protect their interests in them. They resist, in varying degrees, public use of any private or adjoining properties.

It is unfortunate that waterfront property is not held in the public domain. The ownership of waterfront property is funda-

THANKSGIVING NOVENA TO ST. JUDE

Oh Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance. Help me in my present and urgent petition. In return, I promise to make your name known, and cause you to be involved. Say three Our Fathers, three Hail Marys and Glories for 9 consecutive days. Publication must be promised. St. Jude pray for us all who invoke your aid. Amen. This Novena has never been known to fail. I have had my request granted. Publication promised.

mentally different than the ownership of most real estate. To some extent, ownership of waterfront property is ownership of the waterway. If all waterfront property is privately held, then, essentially, the waterway is privately held. I am not advocating that the public attempt to nationalize private properties, but there is an important issue to address. This issue is the protection of those few remaining public properties.

Those of us who live in Mattapoisett have a special love for the water resources so near us. Public access to these waters however is diminishing. Roads terminating at the water provided public access. Old town maps show, as an example, Foster Street terminating at the water. Over the years, the public has lost track of what properties remain public. It is the responsibility of each of us, including the private waterfront property owners, and our elected representatives to protect public property interests. More specifically, all publicly held waterfront properties should be judiciously secured, accessibly maintained and clearly identified on zoning maps available to the residents of Mattapoisett. These were my intentions when I respectfully requested the Selectmen to investigate the possibility of public ownership of waterfront property at the end of Foster Street.

I feel that these requests are in the public interest and I sincerely hope that my neighbors will not take these requests personally.

Sincerely, James E. Hackett III

Below is a copy of the letter I gave to our Selectmen with postscript I added after getting a reply from the Selectmen. Let's call it a giant step backwards.

Board of Selectmen January 26, 1982
Mattapoisett, MA.

Gentlemen: The restrooms at the Wharf were bought and paid for by the taxpayers of Mattapoisett. The taxpayers also paid a pretty penny (over $3,000.00) to connect these restrooms to the sewer line. We, the taxpayers, should not have to do without these restrooms.

If they are taken apart and dismantled they are no use to anyone. What will the public do on Band Concert Night, Square Dance Night and Youth Dance Night on the Wharf. You cannot expect the Mattapoisett Inn to take them in.

June, July, August and September when the wharves are the busiest, I do not see any reason why the police department could not open the restrooms from 8:00 a.m. to 5 p.m. with the exception of the nights when the wharves are being used for the dances and concerts; then they could be closed after the affairs ended.

The wharf rates for boats are going sky high and yet we are taking away some bene-

fits that people might expect down there.

I don't like having to give in to a few vandals down there. If the Police Department can't control that vandalism how can they control it anywhere else?

Also, the water was shut off WEEKS before the restrooms were locked up and Mr. Nicholson informed me of a big leak down there and that he was shutting off the water. Then I learned the restrooms were not locked until 3 weeks later.

Please reconsider taking these restrooms away from the people.

Suggestions Needed

Editorial, D.C.J.

Mr. Winfield Jenney submitted this letter to the Mattapoisett Selectmen at their meeting of January 26. The Selectmen, after considering the letter, stated that they are open to any suggestions offered by the public to continue the sanitary facilities at the wharf.

Mr. Jenney's point is well taken. The ac-

tion of the Selectmen in closing the facilities is also completely understandable. The continuing series of outrages to these toilets were of such depravity as to be better left to the imagination than to be described. Suffice to say that the vandals responsible display none of the civilized traits or decency of the human species. The resulting shambles was of such disgusting nature that no one should be required to clean it up. Originally and for years the restrooms were open to the public, then strong wooden doors had to be installed so that they could be open only when public events were in progress. These doors were smashed. Steel doors replaced the broken wooden doors and the lock was broken when the vandals wanted to enter. The Selectmen, finally and reluctantly, decided to abolish the facility.

As Mr. Jenney points out, the problem is that the wharf is in constant use in the summer months. Band concerts, square dances, youth dances and craft shows are part of the enjoyable seasonal use of the park and the wharf scene is a unique attraction for all during the warm season. People come from out of town to enjoy these events. Mattapoisett people come from distant parts of the town not immediately

convenient. These people need decent and convenient sanitary facilities. It is not reasonable or even possible to expect that any place of business near the wharf can fill the need. Yet, where can the public be accommodated?

The Selectmen are in a quandary. They are considering such methods as portable johns. They are open to suggestions from anyone.

Perhaps those who sponsor events should provide the supervision necessary to maintain decent use of the present facilities and the cleaning necessary after the event closes. This may well be preferable to portable toilets.

The public has become the victim of the vandals in our contemporary society. It is no longer possible to either enjoy unspoiled beauty or the unspoiled conveniences that once were part of the everyday scene.

The wharf is one of our most enjoyable assets. We should respond with the ideas to keep it that way and soon before the Spring and Summer.

Good News

Editorial, D.C.J.

The best news this year of 1982 has to be the rescue of Brigadier General James L. Dozier by the Italian police from the terrorists Red Brigade. All Americans must have shared relief for his safe release, and appreciated the General's courage and conduct during this outrage. It is seldom that terrorists, who kill indiscriminately, are ever successfully brought to justice with their victim alive. The joy of this event is matched by admiration for the U.S. General who came through this ordeal so very well.

APPLE COMPUTER DEMONSTRATION

On Friday, January 22, 7 East at Old Rochester Regional Junior High School was treated to a demonstration of the Apple computer. Mr. Vic Kalsey, father of 7 Easter Greg Kalsy, provided the team with glimpses of the future.

Mr. Kalsey explained that computers are becoming more important to us because we need to manage larger and larger amounts of information. Mr. Kalsey made it clear that computers are "dumb"; that is, they must be given all information by you.

This led to an explanation of the language necessary to "talk" to the computer. On 3 terminals students were able to see BASIC language. Students learned simple commands and were taken through sample programs. Students loved hearing bells and the computer printing on the screen "I am a crazy computer". Mr. Kalsey then demonstrated the speed and accuracy of the computer by solving some math problems.

MR. VIC KALSEY AND SON GREG, A 7 EASTER, DEMONSTRATE THE POPULAR GAME PAC MAN.

In an effort to show a very practical home use, he used a disc containing a program which he created. All he needed to do was select a program and issue commands. By entering initials, Mr. Kalsey could get his computer to dial telephone numbers!

The computer's versatility was shown by switching from using numbers to graphics. By selecting a color and putting in com-

mands, a design appeared. By using discs which can be purchased, students saw just how intricate and beautiful the designs can be.

Still another use was shown. Mr. Kalsey showed students a math game. When the correct answer was selected, the screen flashed "Wow", "Great", and "Yeah". When the answer was incorrect, the computer gently reminded students to "try again". A states and capitols game was also played.

The highlight for the students came when video games appeared. Pac Man, a popular game, brought cheers. With Greg at the controls, Pac Man raced to gobble up the dots.

In closing Mr. Kalsey stressed that with the proper language and the correct sequence you can get a "dumb" computer to do anything. Students were told not to be afraid of computers and to think of them as tools to manage information.

Mr. Kalsey owns All Security Company in New Bedford and computers are his hobby. Some hobby!

THE WIZARDS ARE COMING FEBRUARY 16th! No, not the Wizards of OZ. The Harlem Wizards with the world's greatest dribbler in Marques Haines. A star attraction over the years with such teams at the New York Broadway Clowns, the Kansas City Stars, the Harlem Globe Trotters, the Oklahoma Stars, the Fabulous Magicians and, most recently with the Bucketeers, Haines brings to ORR his expertise in ball handling, dribbling and shooting. The Harlem Wizards with Haines are now in their 20th year of comedy entertainment on the basketball floor. There is plenty of laughter with Haines leading the way as the Wizards' new director and player-coach. Johnson may be magic but Haines is pure wizardry...a genuine living legend throughout the 96 countries in which he has appeared.

No Stereotypes at O.C.

When it comes to employment, everyone wants an equal opportunity. In light of today's demand for skilled craftsmen (or should I say craftspeople?), the truly essential ingredient is an equal opportunity in "education". Unfortunately, this opportunity is not always readily available.

When children learn job stereotypes, most of them automatically rule out several career possibilities. In a sense, they are denied their full educational opportunity, because most job stereotypes just are not true.

The administration and staff at Old Colony Regional Vocational Technical High School are working to overcome misconceptions about various careers. Their message seems to be getting across.

Recently, Carolyn Silveira of Mattapoisett began working, through Old Colony's Cooperative Education program, as a carpenter at the Sippican Corporation in Marion. This spring, Carolyn will become the first female to graduate from Old Colony's Carpentry Shop. She will probably not be the

last. Judith Mendoza, also of Mattapoisett, is currently a sophomore in Carpentry.

Another area of traditional male-domination is the Machine Shop. This year, Lynn Raposa of Acushnet broke the ice. During the freshman "exploratory" period---a time to sample several shops--Lynn tried Machine Shop, liked it, and decided to stay with it. Since then she says it's even "better than expected". She has a good aptitude for the work and a great attitude. This combination should make her quite employable after graduation.

Opening all trades to all students is a definite goal at Old Colony, yet there is no undue emphasis on the issue. The predominant attitude among student, as well as staff, is one of acceptance, encouragement, and support.

Despite the poor economy, there are still many educational opportunities around. For example, you have the opportunity, at any time, to call and arrange a visit to Old Colony. (It will surely be educational.) A particularly good time would be the week of February 8-12, which is National Vocational Education Week.

Tails and Trails

The Tails and Trails have been very busy this winter. We had a Christmas party in December and we exchanged gifts. At our January meeting we discussed the December barn checks and decided to order new 4-H jackets. The top scorers of the last three 4-H Horse County Judgings were announced: Juniors were Charlene Souza of Mattapoisett, Beth Sherinan of Marion, Lee Ann Bessette of Mattapoisett, Sue Reid of Mattapoisett, Renee Jagielski of Lakeville, and Kerri Lynn Nichols of New Bedford. Seniors were Kim Knight and Cheryl Souza of Mattapoisett. Our final judging will be held in February at Bob Reinhagen's in Falmouth.

Our Junior leaders and members are preparing a window exhibit to be displayed at Old Hammondtown School during February

Old Hammondtown School

Miss Aiken's fourth grade class at Old Hammondtown School has concluded an extensive study concerning the importance of the cranberry industry in Massachusetts. Highlights of the unit included the viewing of several films produced by Ocean Spray and a visit to Cranberry World in Plymouth. The children have canvassed local grocery stores listing available cranberry products and have also designed their own peat bogs. A local slide tape show and cranberry party culminated the unit.

PAINTING HELP SPOKEN HERE.
BY *Bonnie Blaire*
TRU-TEST COLOR CONSULTANT

Dear Bonnie:
I would like to paint an accent wall in my family room but I'm not sure which wall it should be. Can you help me?
Signed, Unsure

Dear Unsure:
Choose the wall with fewest windows, doors and jogs — **never** the window and if possible not the entry wall. The accent wall is a major part of your color scheme. You should be able to view the whole effect as you enter the room.
The accent wall is a means of creating a center of interest or focal point where there is none. But if, by chance, your family room has a fireplace, that is your center of interest and becomes the accent wall.
Don't be tempted to paint two walls with your accent color — this divides interest, pulls the scheme apart and destroys the unity of the setting.
Select your color from the Accent section of the TRU-TEST Custom Color Selector.

St. Luke's Hospital

The Religious Ministry of St. Luke's Hospital is recruiting volunteers to work in its office. Volunteering for two to three hours a week, the office staff performs essential clerical and administrative tasks supporting the continuing service of St. Luke's Religious Ministry to patients, families and hospital staff.

Essentially, the Religious Ministry relies on three groups of volunteers: the office staff; volunteer visitors who are specially trained to visit and counsel patients, and give communion; and volunteers who assist with liturgical celebrations as musicians, readers, or as video technicians broadcasting the services to patients. All volunteers work closely with the hospital's four chaplains who regularly visit patients, counsel families, offer educational programs and respond to medical emergencies.

By volunteering as an office member, individuals will be contributing to the spiritual and counseling mission of St. Luke's Religious Ministry. Interested individuals are invited to apply by phoning one of the St. Luke's Chaplains at 997-1515, extension 410.
